Accommodation Vessel Fleet

Due to the large accommodation blocks on the DP3 hybrid multi purpose fleet of the Sea Trucks Group, all vessels can be deployed on accommodation mode in any offshore environment.

The Group has two DP3 accommodation vessels with permanent accommodation facilities for 462 and 469 persons. Jascon 28 is equipped with a 270 t main crane and Jascon 31 with a 400 t heave compensated subsea crane and a moon pool, which makes the vessel also suitable for general construction / field support work.

The pipelay construction vessels have accommodation capacities ranging between 300 and 400 persons.

SPECIFICATIONS

All accommodations are fully air-conditioned and have 1, 2 and 4 persons' cabins with individual bathroom facilities, including conference rooms, offices, cinema, gymnasium, recreation rooms and a medic room with hospital. There are internet connections throughout the accommodation and televisions in all cabins.

CAPACITIES

Accommodation capacities on the DP3 pipelay construction vessels are as follows:

VESSEL NAME	ACCOMMODATION COMPLEMENT
Jascon 30 – Pipelay Accommodation Vessel	298
Jascon 34 – Pipelay Construction Vessel	335
Jascon 25 – Pipelay Construction Vessel	351
Jascon 28 – Accommodation Hoop-up Vessel	462
Jascon 31 – Construction Accommodation Vessel	469

2011	HHI	Nigeria	**JASCON 30**	**USAN:** Provision of accommodation barge for 430 persons

Increasing vessel accommodation capacity

Due to the large deckspace available on board our DP3 fleet, the accommodation capacity on board the vessels can be extended. By installing temporary containerized accommodation the capacity can be increased according to client requirements. The additional temporary accommodation could comprise a range of sleeping units, as well as workspace modules including offices, laundry, changing room, galley, mess and workshop units.

Jascon 30 with Portable Accommodation Block-1 on main deck for an extra 184 persons
